

# WATER *What's behind the* MAGIC

June 1, 2018

7:30am-1:30pm

Grand Californian Hotel  
Disneyland Resort, Anaheim

HOSTED BY

Disneyland  
RESORT

California's historic drought was washed away by remarkable storms only to have the climate pendulum swing right back. While water professionals in Southern California worked their magic to store as much water as possible, other water systems in some parts of the state are still struggling.

How will we deal with the annual uncertainty of the weather to ensure that supplies are ample even when the forecast is daunting? Who will come to the aid of those in need of safe drinking water and where will the money come from to fund it?

To find out more, Save-The-Date for the **11th Annual Orange County Water Summit** on **Friday June 1, 2018** at Disneyland's Grand Californian Hotel.
